THURSDAY, JULY 16 1896.

THE NEW GOVERNMENT.

Monday's dispatches have con-  
veyed intelligence of an unusually  
important character to every Cana-  
dian between the two oceans. Mr.

Laurier has named his ministers,  
and formed the Government which  
will shape the policy and control  
the destinies of Canada during the  
next few years. Judging from the  
personnel and character of the min-  
istry, there is every reason to  
believe that it will prove a most  
able and honest one, and that we  
will in any case, have an honest,  
efficient, and faithful ministry to  
conduct every branch of the general  
government, and that the public  
money will be spent for and in the  
interests of the people of Canada.

Of course we cannot do otherwise  
than plead guilty to some degree of  
disappointment at the non-appoint-  
ment of a western representative in  
the cabinet. Throughout this coun-  
try, we all hoped and expected that  
the Hon. Joseph Martin, the cham-  
pion of the people's rights, who  
made so able and useful a lieu-  
tenant of the present premier in the  
ranks of the Opposition, would re-  
ceive a portfolio in the new govern-  
ment, and we indulge in the hope  
that the mantle of Secretary of the  
Interior will yet fall upon the  
shoulders of the "Man of the West."

In fact we do not see how so useful,  
valuable and patriotic a man can be  
overlooked.

The following is Mr. Laurier's  
cabinet, as officially announced:

President of the Council, Wilfrid  
Laurier.

Trade and Commerce, Sir Richard  
Justice, Sir Oliver Mowat.

Finance, Premier Fielding.

Militia, Dr. Borden.

Marine and Fisheries, L. H.  
Davies.

Public Works, J. I. Tarte.

Railways and Canals, G. H. Blair.

Agriculture, Sydney Fisher.

Postmaster General, W. Mulock.

Customs, W. Patterson.

Inland Revenue, Sir Henri Joly.

Secretary of State, R. W. Scott.

Solicitor General, Charles Fitz-  
patrick.

### THE YANKEE SILVER QUESTION.

The almost universal belief which  
has prevailed until now, among all  
classes of people, that the Republi-  
cans would win an easy victory  
over their Democratic opponents  
next November, has been somewhat  
rudely disturbed by the wholly un-  
expected and altogether novel action  
of the Democratic convention at  
Chicago. That the Democrats  
would have committed themselves  
entirely to free silver, practically  
ignore the subject of the tariff, slap  
the administration of Grover Cleve-  
land in the face, and upset the long  
established precedent of convention  
organization, could not have been  
foreseen by the most experienced  
politician nor the fancy of the wildest  
dreamer. Under this entirely  
new and changed condition of po-  
litical conditions, no man can safely  
predict the result at the polls in  
November next. The late southern  
confederacy will, no doubt, fall into  
line with the Democratic party, and  
many of the Western States will  
yield their allegiance to the can-  
didacy of the "Boy Orator." Then  
again, the id of a British favor to  
the gold doctrine of McKinley will  
greatly influence the American  
electorate in spite of their fancy for  
McKinleyism. The much talked  
of revolt against Bryan and Sewell  
will not materialize, for the very  
good reason that if it did the re-  
taliatory action of the Silver Demo-  
crats in all future campaigns would  
forever destroy every possible pros-  
pect of unity and success which the  
party might otherwise possess.

Besides, this talk of Democratic  
disaffection comes chiefly from Re-  
publican states, and for that reason  
would be comparatively harmless  
in any case.

No man is wise enough to safely  
predict the result at the polls in  
November next under the phenom-  
enal conditions into which American  
politics have by a strange circum-  
stance drifted. The election of the  
free silverites need not cause great  
surprise.

It is currently reported that Mr.  
"Billy" Whit, Q.C. and Conserva-  
tive campaigner, has been offered  
the post of chief organizer for "Bill"  
McKinley, the ultra-protectionist  
candidate for the United States  
presidency. The position is one  
for which Mr. Whit is pre-eminently  
suited by reason of his wide  
experience. To quit the protective  
axis of the old flag will doubtless  
grieve a subject so loyal, but the  
fact that the position is such a  
highly lucrative one is a sovereign  
balm for the wounds of separation.  
—Regina Standard.

THE RECENT IN WESTERN ASSI-  
MILATION resulted in a tie, and the return-  
ing officer, Mr. Dixie Watson, gave  
the casting vote in favor of Mr.  
Davies. Mr. McNis at once de-  
posited the necessary funds and  
papers to protest the election.

PREMIER LAURIER being inter-  
viewed at Ottawa on the 14th inst.,  
stated that the portfolio of the  
Interior would go to a western man.

Stand, or Fall?

"Is it to go on and be a useful  
factor in our midst, or is it, by  
reason of pecuniary inaction, to  
be allowed to fall from the journal-  
istic ranks?" This is the question  
asked in regard to the paper upon  
which these words are printed.  
From a contemporary that came be-  
fore the public with its first issue a  
few months ago, we quote the fol-  
lowing, which gives a logical reason  
for its ceasing to appear: "It is  
always best to illustrate theories  
with modern cases. We have one  
close at hand. Eighteen weeks ago  
the Northwest Sportsman was pub-  
lished with a certain amount of con-  
fidence; that confidence was not  
justified. The proprietors of the  
pioneer western sporting journal  
have been engaged in a philan-  
thropic mission for eighteen weeks.  
They have met with a certain  
amount of success, but not enough  
to justify them in continuing the  
publication. If one is able to do it  
publishing a newspaper without  
income is a work of true nobility,  
and were it not for the persist in  
calls of the purveyors of everyday  
necessities, it is extremely probable  
that the proprietors of the Sports-  
man would have thrown aside all  
desire for more gold, and continue  
in the noble course they had marked  
out for themselves."

### Presbytery Meeting.

Presbytery met here last week.

There were in all about sixteen  
delegates. At the meeting Rev.  
McLeod was moderator. The re-  
ports of the various committees  
were read and adopted and the new  
standing committees appointed.  
Some small changes were made in  
fields to the north. The appointing  
of ordained men to dispense ordinances  
in fields where students and cate-  
chists are laboring; and the finan-  
cial affairs of some of the weaker  
congregations also occupied the  
attention of the presbytery.

Rev. Carmichael read a letter  
from the Indian department at Win-  
nipeg asking the church to defer  
building a mission station which  
it was their purpose to build in the  
valley, west of the Lake's End  
mission. The reason of the de-  
partment for asking this was that  
it had long been the policy of the  
government to induce the Indians  
to move out on their farms, and  
they believed that the building of  
a mission in the valley would  
seriously militate against their  
policy, as the Indians would cluster  
around the mission station. The  
presbytery believed the policy of  
the government a wise one, and  
believed that it would be a great  
step towards the civilizing and  
christianizing of the Indians to in-  
duce them to settle on their farms.  
In view of this it was decided to  
advise those in control of Indian  
missions to delay building, and also  
to advise the Indian department to  
hasten the building of some six  
or seven dams on the reserve, as  
the scarcity of water was one  
reason for the Indians remaining  
in the valley.

After the meeting the ladies of  
the congregation entertained the  
presbytery to an open air tea in  
front of the church. The affair did  
the ladies in charge much credit,  
and called forth many laudatory  
remarks from their reverend guests.

### Condition of the Crops.

The following facts respecting  
the present prospect in regard to  
the grain crops of Manitoba and  
the Northwest Territory will be  
read with interest by all farmers  
and others under whose notice these  
lines may fall. During the past  
week Superintendent Whyte, of the  
C.M.R., has, we understand, re-  
ceived reports from the company's  
station agents in almost every  
whet growing district of Manitoba  
and the Northwest. The reports  
sent in by the agents state that, as  
a whole, the crops are as far ad-  
vanced as they were this time last  
year. It is stated that where the  
wheat had been sown on fallow  
land it may be safe onward to  
maturity, without more rain, but  
where wheat has been sown on  
subtle, more moisture will be re-  
quired to carry it to full develop-  
ment. From Brandon and its sur-  
rounding district, dispatches re-  
ceived state that crops have never  
been known to give such good  
promise of a heavy yield; while  
from Sault Ste. Marie and the surrounding  
country, the highly satisfactory re-  
port says, in regard to wheat, that  
present indications point to the  
biggest crop yet produced. Al-  
though, as stated above, where  
wheat is growing on fallow land  
it may be safe from now on without  
further rain, a good, continuous,  
penetrating, warm rain, just now,  
would prove of incalculable value  
on all sorts and conditions of grain,  
thus making assurance doubly sure.

Up to the present time, it is  
satisfactory to be able to state, that  
hail, broadly speaking, has been  
conspicuous by its absence in most  
districts; so far, the only point  
where damage by this unwelcome  
agent has been reported being  
Holland. Some rust has been re-  
ported in the Red River valley,  
land situated between Rosefield and  
Greta, but it is not anticipated that  
the resulting damage will be of  
much consequence. That the very  
gratifying promises may be brought  
to that successful issue which the  
present condition of the crops fully  
warrants will not only be the hope,  
we feel sure, of every farmer, but  
of every person, whether tiller of  
the soil or otherwise, who has the  
welfare of the country of his  
adoption at heart.

(From Our Own Correspondent.)

A large number of people went  
from here to Kenlis on the 7th inst.  
to witness the laying of the corner  
stone of the new Methodist church,  
by Rev. Thos. Argue, chairman of  
the district. He was assisted by  
the contractors, Messrs. Fraser &  
Webster. In the wall was enclosed  
a tin box, containing two or three  
newspapers, the names of the con-  
tractors, the minutes of the last  
conference, besides many other  
things, including the names of  
those who subscribed to the build-  
ing and the names of many other  
people connected with the under-  
taking. In the latter part of the  
afternoon Revs. T. Argue, C. W.  
Bunt, J. H. Burrow, M. M. Ben-  
nett, E. G. Hodgins, T. E. Holling,  
J. Hoskins, and Mr. Benson ad-  
dressed the large crowd of people  
in the basement of the church.  
After the speaking was over, the  
Ladies' Aid of Kenlis, provided an  
ample supper. They also had a  
stand where they sold ice-cream,  
lemonade, oranges, etc. In the  
evening a free entertainment was  
rendered in the schoolhouse, which  
was so well attended that many  
could not get in. After paying ex-  
penses, over \$80 was raised for the  
church, which will cost about  
\$3,300.

Our schoolhouse has received a  
welcome addition in the shape of a  
dozen large pictures, all of which  
have nice Oxford frames. The pic-  
tures are illustrations of events in  
the New Testament history, and  
were kindly presented by one of  
our ladies.

J. W. Cross, late teacher of our  
public school, arrived from Winni-  
peg on the 8th inst. He came a  
large part of the way on his bike.

On account of his accident, H. H.  
Munermann had to remove his  
herd of cattle to Pheasant Forks,  
under the care of Mr. Kenyon.

Mr. Wilson, photographer from  
Grenfell, took a few photos here  
late.

Ernest Turner succeeded in kill-  
ing two badgers a few days ago.

J. R. Smith, carpenter, left this  
district last Saturday for Kenlis.

Mrs. W. H. Garratt has returned  
to Grenfell.

Some Newspaper Changes.

We understand that the Fort  
Qu'Appelle Vindicator will move to  
Indian Head in a few days. It is  
also reported that a plant will in a  
few days arrive from the East to

## THE NEWS OF THE DAY.

CONDENSED FOR BUSY PEOPLE.

Short and interesting paragraphs that treat of men and things in a general way.

Eddie, the young son of R. S. Dwyer, Port Huron, was drowned a few days ago while bathing.

Bella Brown, of Brockville, the young girl who shot herself after a quarrel with her father, died in the general hospital here.

Albert Harvey, of Roseau, a young man, died suddenly the other day under peculiar circumstances. An inquest will be held.

Henry P. Myers, of Toronto, aged 80, died a few days ago at Windsor. He had no relatives, and bequeathed his estate, worth \$80,000, to his housekeeper.

Samuel Carren, a cigar-maker, of Birmingham, N. Y., and formerly of Toronto, was killed at the Beach crossing of the Grand Trunk railway. He was aged about fifty.

Alva Plamondon, of Quebec, a messenger of Caisse d'Economie, has mysteriously disappeared. As his books are right it is feared that some accident has happened to him.

A serious fire recently occurred at Brighton, destroying the grocery store of J. W. Freeman, the Salvation Army barracks, and damaging the Standard bank and the Proctor hotel.

Mr. Harry Eckert, of Hamilton, is at Port Arthur on his way to the Sawmill Lake gold mine. Reports from it are to the effect that the vein is increasing in width, and containing as rich as formerly.

While running at a high rate of speed, the Grand Trunk eastbound mail train was derailed the other afternoon near Toronto by a broken axle. The train was full of passengers, but none were injured.

Bishop Dumoulin has been formally installed Bishop of Niagara. The ceremony took place at Christ church cathedral, Bishop's Hamilton, of Ontario, predecessor of Bishop Dumoulin in the see, being among those present.

George Cardinal was recently sentenced by the police magistrate of Ottawa to five years imprisonment for forging two cheques in his father's name on the Molson's bank, one for forty and the other for sixty dollars.

At the recent ball at Rat Portage on Dominion Day, Haulan easily defeated Hackett in the three mile single scull race. Time 30 minutes. The race was about one minute slower than Caudan's world's record for the same distance.

The steamer Topeka arrived from the north a few days ago, bringing details of the first catch of the season. Officers of the U. S. S. Fish boarded the fishing schooner Etika, of Yakutat, and confiscated fifteen skins for failure to produce a special sealing license.

Michael O'Leary, aged 35, of Windsor, Ont., set almost everything he had on the results of the recent elections and lost. He tried to commit suicide, stabbing himself in the stomach with a five-inch knife blade. He will probably recover.

Forest fires have been ravaged Ed-woodville and Pelly's island, N.B., destroying twenty homes at the former place and thirty-five at the latter, including the court house, Methodist church and residence and the village houses. The officials of the mine were saved.

Canon Dumoulin was recently at St. James cathedral, consecrated Bishop of Niagara in presence of an immense concourse of people. The ceremony of laying on of hands was performed by Archbishop Lewis, who is the oldest acting bishop in the British empire. The ceremony was presided by Dean Carmichael, of Montreal.

The marine court of inquiry into the cause of the loss of the steamer Capital began the other day. The wreck is reported to be badly broken up. The steamer was one of the best of the sailing fleet in this vicinity, caught fire at Harbor Grace and was burned to the water's edge. She is owned by a Scotch company with headquarters at Glasgow. Insurance and value, \$50,000.

While going down the Cornwall canal, en route to Montreal, the tugboat Esmeralda, loaded with 25,000 bushels of wheat, ran aground at Odontsburg, struck one of the guards on the lower end of the canal and sank to the bottom. She is now blocking traffic. The cargo is owned by the Kingston and Montreal Forwarding company. Both the wheat and the tugboat are insured.
